Some of last year's expedition fun - dress warmly!

Youth Group for December will start with lunch after worship and include another session of our Faith Exploration Class for middle and high school students. We'll finish in time to travel to a tree farm to cut our sanctuary tree -- we'll need lots of help to choose, saw and transport. Possibility of cocoa afterwards and we'll help with transportation home if needed.

Christian Education begins at 9:30 am for middle & high school youth; participants can take turns going back upstairs with the younger children for Children's Church. During the season of Advent, we'll have at least one craft idea each week - bring your creative minds and get ready to celebrate the season.

Service Hours opportunities continue on Thursday afternoons for dinner through December & Saturday mornings (pantry and used clothing shop). Be sure to sign in and out or let me know you've worked so I can track it for your school. Kate Ehrenberger (443-982-0220 or kateehren@msn.com)

We are ever growing in Christ, inviting each one to make a difference.
